

Waste Management Maltby Facility

Maltby Community Club
8711 206th St. SE
Snohomish, WA 98296
Light refreshments will be served

Please Join Us

Waste Management would like to hear from you about their planned facility in Maltby.

The meeting will include a presentation from Waste Management on the planned facility at the former Calvert Industries site in Maltby, followed by a question and answer session with the community.

The planned facility will house administrative offices; a truck depot/maintenance shop and a greenwaste reload facility. The facility will serve as the main administrative offices for Waste Management's Pacific Northwest Operations.
